(2) LEARNING OUTCOMES

Learning outcomes

The course learning outcomes, specific knowledge, skills and competences of an appropriate level, which the students will acquire with the successful completion of the course are described.

Consult Appendix A

- *Description of the level of learning outcomes for each qualifications cycle, according to the Qualifications Framework of the European Higher Education Area*
- *Descriptors for Levels 6, 7 & 8 of the European Qualifications Framework for Lifelong Learning and Appendix B*
- *Guidelines for writing Learning Outcomes*

This module provides students with the necessary skills that enable them to use business literature and attend seminars or conferences conducted in English. Students also acquire specialized knowledge in applying business communication techniques and terminology in a professional work environment. Business English I is the first of two courses intended to give students a solid foundation and a working knowledge of business terminology. The class is taught at an intermediate level and emphasis is given to the development of receptive skills in reading and listening. Advanced grammatical and syntactic structures are widely

practiced throughout the module.

Upon completion of this module students are expected to:

- ✓ Have acquired business vocabulary
- ✓ Comprehend reading passages
- ✓ Comprehend listening passages
- ✓ Comprehend grammar and syntax rules
- ✓ Speak (speaking skills)
- ✓ Use business literature
- ✓ Attend lectures and seminars in English
- ✓ Use English in a professional work environment

General Competences

Taking into consideration the general competences that the degree-holder must acquire (as these appear in the Diploma Supplement and appear below), at which of the following does the course aim?

Search for, analysis and synthesis of data and information, with the use of the necessary technology

Adapting to new situations

Decision-making

Working independently
